MISSION N°1 OPTIMISE FINANCIAL PROCESSES.

KAINJOO

As a Swiss firm working globally for complex industries, Kainjoo is the partner of choice for international brands. As a Brand Tech Specialist, your role is to fuel growth into the mix of brands and their campaigns, applying data driven marketing principles into measurable brand objectives.

YOU

We work with many vendors and customers all over the world which implies understanding not only the Swiss code of obligations but also transactions laws in and out the country. In addition, you will have to handle several business models implying working with different tools and processes.

MISSION N°2

BOOKS CLOSED, THE SWISS WAY.

KAINJOO

Each year the company is requiring different controls and bookkeeping activities to ensure compliance with the local authorities. The fact we work for regulated industries

YOU

You have experience working in or as a fiduciary with keeping books in check and managing payrolls and purchase to pay in a diligent manner.

MISSION N°3

STRATEGY & FINANCE, ASSEMBLED.

KAINJOO

As a growing firm Kainjoo requires the input of a finance director to guide decision making process throughout the year, using our data as a compass and past experiences as a guide.

YOU

You have experience advising leaders in taking the right next step backed by models or data reports coming from the accounts. You serve as a point of contact in case of M&A operations and structure our growth.

As the Finance Director at Kainjoo Consulting Group, you will oversee all the company's financial aspects. In addition, you will provide financial guidance, develop financial strategies, and manage a team of financial professionals to ensure the company's financial success.

Join us.
